

P111 PAXSTORE Access Discovery — Sanitized Repository Appendix

2026-10-04 | HHCC-PAXSTORE-20261004-001

Repository-safe, reviewed derivatives. Raw sources remain private and hash-bound in manifest.json.

PHOTO-20261004-001

The screenshot shows a mobile application registration form with a dark blue header bar containing a menu icon, a bell icon, a grid icon, a person icon, and a globe icon. The form is divided into two main sections. The top section is titled "Company Business Registration Number" and contains a text input field with a red asterisk. Below this is a large white rectangular area. The bottom section is titled "Register Reason" and contains a text input field with the placeholder text "CC reader configurations - firmware reader updates" and a red asterisk. To the right of the input fields are two informational boxes. The first box is titled "Contact Information" and contains the text "Fill the relevant contact information to get the result." The second box is titled "Register Reason" and contains the text "Short description about your service and the device models intend to support." At the bottom of the form, there is a checkbox labeled "I have read and accept the Developer Agreement and Privacy Policy." and a green circular button with a white checkmark.

Company Business Registration Number *

Contact Information
Fill the relevant contact information to get the result.

Register Reason
Register Reason
CC reader configurations - firmware reader updates *

Register Reason
Short description about your service and the device models intend to support.

☐ I have read and accept the Developer Agreement and Privacy Policy.
